**Subject:** Request for Clarification  
**Attachments:** Back Forty Correction Request for Clarification 10-20-17.docx

Barry, Jeff and Matt,

Attached is a letter requesting additional clarification on several issues regarding the recently submitted response to our correction request letter from earlier this year and the groundwater modeling report. Please note that Matt MacGregor submitted additional information yesterday evening, DEQ is also currently reviewing that information and will respond separately regarding that submittal.

As we discussed this morning, Monday Oct. 30 is our deadline to determine if this application is complete and can be public noticed. Please let us know as soon as possible what you would like to do.

If you would like to convene a conference call to discuss Request or any other issues, we would be happy to do that.

Kimberly Fish  
 Assistant Division Director, Water Resources Division  
 Michigan Dept. of Environmental Quality
